

Dear Parent/Guardian,

This letter will help your child log in to Educake. Educake is a website for homework and revision (extra practice). It works on any computer, tablet, or smartphone. Your child does not need a new username or password. They will use Single Sign-On (SSO). This means they can use their school email account to log in.

Here's how to do this

- a. Go to www.educake.co.uk
- b. Click "Student login"
- c. If your child's school uses Google, click "Log in with Google". Or, if your child's school uses Microsoft, click "Log in with Microsoft"
- d. Type the login details your child already uses for their school email

That's it – no new password to remember!

How Educake helps:

- Students can see which topics they are strong in and which need more practice
- Students can then choose quizzes for the topics they want to improve
- The Revision Wizard can make personal quizzes to help with the topics they find hardest

Need help?

Ask your child's teacher, or email Educake at support@educake.co.uk.

We really hope Educake is helpful. We're here to support you and your child.

Yours Sincerely,

Nicola Allen

Managing Director, Educake
